

AM Galant

AM Galant provides an exclusive look that instantly transforms your building project into something new and exciting. It is just as suitable for traditional houses, public buildings, functional houses and villas as it is for your garage.

The design of AM Galant is inspired by traditional ribbon roofing and gives your roof a timeless and trendy design. Large flat surfaces mean that your roof requires very little maintenance and the unique design of the panel makes it very easy to install.

- Suitable for most roofs with a pitch of up to 14 degrees
- Suitable for both renovation and new build
- Thickness: 0,60mm
- Width: 510mm
- Length: up to 8000mm
